Dear Fellow Lions

District Cabinet for 2012/2013

Clubs are the life-blood of Lions as they are the base from which we fulfill our Service work. District Cabinet's main function is to support clubs, which may be in many varied ways. District officers form the Cabinet and these positions offer the opportunity for any Lion to extend their involvement in our organisation beyond club level and make a positive contribution to our District. Officers have an important role to play and I am keen to further develop the teams that have been established over recent years.

If any Lion is interested in becoming a District officer for the year 2012/13, commencing this July, or you have any queries on the subject, would you please contact me before our Convention date, which is March 16th-18th 2012. Contact may be by phone, letter or email and all details will be regarded as strictly confidential.

Whilst I cannot guarantee to offer positions to all those who make contact, all Lions who do show an interest will be considered seriously when I am forming the Cabinet for 2012/13.

I look forward to working closely with the District team, and I thank District Governor Beryl for her approval for this correspondence

Yours in Lionism

Rob Brown
1st Vice District Governor
